

Nader Behdad is an Assistant Professor at the department of Electrical and Computer Engineering of the University of Wisconsin-Madison. He received the Ph.D. and the M.S. degrees in Electrical Engineering from University of Michigan - Ann Arbor in 2006 and 2003, respectively, and the B.S. degree in Electrical Engineering from Sharif University of Technology in 2000. From 2006 to 2008, he was as an Assistant Professor at the Department of Electrical Engineering and Computer Science of the University of Central Florida in Orlando, FL. His research expertise is in the area of applied electromagnetics. In particular, his research interests span the fields of electrically small antennas, on-chip antennas and integrated wireless systems, frequency selective surfaces, and phased array antennas.

Dr. Behdad is the recipient of the 2011 CAREER award from the National Science Foundation, the 2011 Young Investigator Award from Air Force Office of Scientific Research, and the 2011 Young Investigator Award from Office of Naval Research. He received the best paper awards in the Antenna Applications Symposium both in Sep. 2003 and in Sep. 2008, second prize in the paper competition of the USNC/URSI National Radio Science Meeting, Boulder, CO, in January 2004, the Horace H. Rackham Predoctoral Fellowship from the University of Michigan in 2005–2006, the Young Scientist Award from the International Union of Radio Science (URSI) in 2008, and the Office of Naval Research Senior Faculty Fellowship in 2009.
