

Changzhi Li received the Ph.D. degree in electrical engineering from the University of Florida, Gainesville, FL in 2009. In the summers of 2007 and 2008, he worked at Alereon Inc., Austin, TX, on BiCMOS/CMOS ultrawideband (UWB) transceivers. In the summer of 2009, he worked at Coherent Logix Inc., Austin, TX, on BiCMOS software-defined radio. He joined Texas Tech University in 2009 as an Assistant Professor. Dr. Li received the IEEE MTT-S Graduate Fellowship Award in 2008 and the NSF CAREER Award in 2013. His research interests include microwave and analog circuits and their biomedical/civil applications.
