

Mário G. Silveirinha received the Licenciado degree in Electrical Engineering from the University of Coimbra, Coimbra, Portugal, in 1998, and the Ph.D. degree in Electrical and Computer Engineering (with a minor in Applied Mathematics) from the Instituto Superior Técnico (IST), Technical University of Lisbon, Lisbon, Portugal, in 2003. Since 2003, he is an Assistant Professor (with tenure) in the University of Coimbra. He is also the leader of the Radio Microwave and Millimeter Waves research group in the Coimbra site of Instituto de Telecomunicações (www.it.pt). His research interests include electromagnetic wave propagation in structured materials, effective medium theory, nano-optics and nano-photonics, plasmonics, and Casimir physics.
