

Donald R. Wilton received the B.S., M.S., and Ph.D. degrees from the University of Illinois, Urbana-Champaign, in 1964, 1966, and 1970, respectively. From 1965 to 1968 he was with Hughes Aircraft Co., Fullerton, CA, engaged in the analysis and design of phased array antennas. He pursued the Ph.D. from 1969-70 under a Hughes Doctoral Fellowship. From 1970–1983 he was with the Department of Electrical Engineering, University of Mississippi. From 1978–1979 he was a Visiting Professor at Syracuse University. Since 1983 he has been Professor of Electrical Engineering at the University of Houston. During 2004-2005 he was a visiting professor at the Polytechnic of Turin, Italy, Sandia National Laboratories, and the University of Washington. His primary area of research interest is computational electromagnetics, and he has published, lectured, and consulted extensively in this area. He is listed among the most highly cited authors in computer science at ISIHighlyCited.com.

Dr. Wilton is a Fellow of the IEEE and received the IEEE Third Millennium Medal. He has served the IEEE Antennas and Propagation Society as an Associate Editor of the Transactions on Antennas and Propagation, as a Distinguished National Lecturer, and as a member of its Administrative Committee. Dr. Wilton is also a member of Commission B of the International Radio Science Union (URSI), in which he has held various offices, including Chair of U. S. Commission B.
