

Dr. Zhou received the B.S. degree in Electrical Engineering from Harbin Institute of Technology, China, in 2007, and the M.S. and Ph.D. degrees in Electrical Engineering from the University of Colorado at Boulder in 2009 and 2011, respectively. From 2007 to 2011, he was a research assistant in the University of Colorado at Boulder. His research mainly focused on wideband/UWB RF, mm-Wave and light-wave antennas and arrays, as well as passive component design and characterization. He is currently employed by Samsung Dallas Telecommunication Laboratory as a senior research engineer working on the 5<sup>th</sup> generation mobile communication system prototyping. Dr. Zhou is the inventor of 5 pending US patents on behalf of Samsung.
